NEW and CHEERFUL REGISTER STOVE.

In the construction of the HUNT'S REGISTER STOVE, now the first one of the manufacturer, WILLIAM S. BURTON, to avail himself of the most valued of modern improvements in the art of heating, and, secondly, so to modify and alter the receptacle for the coals as at once to obtain the simplest and most perfect combination; after a long series of experiments he has, by the substitution of a graceful form of shell for the present clumsy and ill-shaped hood, succeeded in producing a stove which, for soft and brilliant light, as well as purity and quantity of heat, is far beyond his most sanguine expectations, while for cleanliness and cheerfulness it is utterly unapproachable. Price from 30s. to 18l. To be seen in use daily in his show-rooms, where also are to be seen

250 STOVES and 325 FENDERS (exclusive of reserved stock), all differing in pattern, forming the largest assortment ever collected together. They are marked in plain figures, and at prices proportionate with those that have tended to make his establishment the most distinguished in this country. Bright stoves, with ormolu ornaments and two sets of bars, 2l. 15s. to 3l. 10s.; ditto with ormolu ornaments and two sets of bars, 3l. 5s. to 5l. 5s.; bronzed fenders complete, with 4 standards from 7s. to 2l.; steel fenders, from 1l. 12s. to 6l.; ditto with rich ormolu ornaments, from 2l. 10s. to 7l. 7s.; fire-irons, from 1s. 9d. the set to 4l. 4s. Sylvester and all other patent stoves, with radiating hearth-plates, and kitchen ranges, which may be examined as at these very reduced charges.

First—From the frequency and extent of his purchases; and
Secondly—From these purchases being made exclusively for cash.

WILLIAM S. BURTON has TEN LARGE SHOW ROOMS (all on one floor), exclusive of the shop, devoted solely to the show of GENERAL FURNISHING IRONMONGERY (including Cutlery, Wicker Wares, Plated, and Japanned Wares, Iron and Brass Bedsteads), so arranged and classified that purchasers may easily and at once make their selections.
